Frequently Asked Questions

1. What is the Nottingham Works Programme?

The Nottingham Works Programme consists of six related activities designed to help unemployed and economically inactive¹ young people in Nottingham to progress in education, training and employment opportunities.

The Nottingham Works Programme is part-financed by Nottingham City Council and the European Union through the European Social Fund (ESF) and the Youth Employment Initiative (YEI). ESF supports activities to extend employment opportunities and develop a skilled workforce.

2. What is Nottingham Jobs Fund Plus?

Nottingham Jobs Fund Plus is one of the six activities in the City Council's Nottingham Works programme.

Nottingham Jobs Fund Plus is designed to support employers to create year-long jobs for unemployed or economically inactive 18-24 year old City residents from one of the programme's target groups. These are young people who are considered to be at risk or involved in gang activity, ex-offenders or those with mental health issues.

Eligible employers can access:

- 70% of an employee's National Minimum Wage (based on a 30 hour per week for 52 weeks).
- A £500 contribution to the costs of appropriate training for their employee.
- A dedicated mentor for each placement to ensure that both employer and young person receive the pastoral support they need.

Eligible participants can access:

- Specialised support (e.g. counselling sessions for young people with mental health issues) to support their retention in employment.
- A hardship fund to contribute to initial transport and childcare costs where these are creating barriers to their continuing participation in employment.
